MCVMA is pleased to invite you to a complimentary virtual CE Lecture

Topic: **“Artificial Urethral Sphincter: A Surgical Treatment for Urethral Incompetence”**

How can we help the dog with urethral incompetence who doesn't respond to medications? This lecture will introduce the surgical option of artificial urethral sphincter, also known as hydraulic urethral occluder. Case selection criteria, and benefits and drawbacks of surgery will be discussed. This session will provide the attendees with the knowledge to discuss the nuances of this treatment option with their clients.

Speaker: **Sabrina Barry DVM DACVS**

Dr. Barry is a Marin County native who grew up in the arms of Mount Tamalpais. She earned a B.S. in Animal Physiology & Neuroscience at U.C. San Diego in 2000, and completed her veterinary degree at U.C. Davis in 2006. Dr. Barry then completed a one-year medicine & surgery internship at Washington State University, a one-year surgery internship at the Animal Specialty Group in Glendale, California, and a four-year surgery residency at Washington State University. She became board certified by the American College of Veterinary Surgeons in 2013. Dr. Barry spent eight years as a Clinical Associate Professor of Small Animal Surgery at the Virginia-Maryland College of Veterinary Medicine, before coming home to California to join the PESCM team. Dr. Barry is skilled at several branches of surgery including general surgery, oncologic surgery, minimally invasive (keyhole) surgery, and orthopedic surgery. Dr. Barry values the opinions of her patients' human family members, and strives to keep family members well-informed and included in the decision-making process for their pet. Dr. Barry is available for appointments Monday - Thursday, and available for after hours surgical care.

When: Tuesday, May 25th, 2021

Time: 7:00 pm

Where: Zoom Meeting

RSVP: Please RSVP at: <https://bit.ly/3bfyBpc>

This meeting is presented by PESCM.

Attendees will receive 1 Hr of CE Credit Approved by AAVSB RACE!

Notes from the MCVMA President

Hello members,

I hope everyone has been enjoying the beautiful weather we've been having, and the increased freedoms that have come with being vaccinated!

This month, we awarded 4 of our local veterinary support staff with the \$500 **Nurse scholarship!** Congratulations to:

Stephanie Prantzios (Marin Humane)

Jose Riveros (Fairfax Veterinary Clinic)

Joyce Sandoval (Fairfax Veterinary Clinic)

Delaney Teague (Fairfax Veterinary Clinic)

Thank you everyone for your support of this fund, and for encouraging your staff to apply!

On another note, we will have our Officer Elections at the upcoming May virtual meeting. There are several open positions described on the next page. Many of the officers have served in these roles for over 2 years, so please consider relieving them of their duties and volunteering for one! This year will hopefully be much more exciting than last, and provide more opportunity for board and member involvement!

As always, if you have any questions, or need anything, please don't hesitate to reach out to us. Looking forward to "seeing" you all at the upcoming meeting.

Sincerely,
Erin Smythe-Morey, DVM
MCVMA President
ensmythe@ucdavis.edu

Pippin enjoying the beautiful springtime weather on the patio!

MCVMA Board Positions

These are the open positions that will need to be filled at the upcoming May meeting. All of the positions are low stress, not a big time commitment, and are a great way to get to know and serve your local veterinary community. Please consider nominating yourself!

1) **President:**

- preside over all meetings of the association and the executive board
- call special meetings of the board when necessary
- appoint special committees
- oversee student and nurse scholarships

2) **Treasurer:**

- keep an accurate accounting of all Association funds, and turn this accounting and funds over to the successor
- pay bills owed and collect funds owed

3) **CE Coordinator:**

- maintain the organization's CE provider status in good standing
- schedule a qualified CE event at each meeting of the Association & provide CE certificates

4) **CVMA Delegate**

- serve as representative to the CVMA on behalf of Marin County

5) **CVMA Alternate Delegate:**

- serve in place of the delegate if they are unavailable

Disaster Preparedness

While we head into the heat of the season, it is a good time to prepare ourselves, staff, and hospitals for potential disaster emergencies. Marin County is facing drought-like conditions that will heighten the need for us to be prepared for fast-moving wildfires. Now is the best time to review and update your hospital plans as well as including your team in any needed updates.

We will likely experience public safety power shutoffs (PSPS) throughout Marin in the months ahead. Many of our hospitals have learned valuable lessons for preparing for these as well as helping to keep our equipment safe when the power returns. Consider how we will communicate with our clients, handle our patients, and keep our hospitals operating if power is cut off for days. Interestingly, ice packs were found to be the number one item that saved many hospitals from losing large batches of vaccinations in previous outages. Providing additional light sources and retrievable client records were listed as the next most important items.

Having a solid plan in advance of an emergency provides your clients with reassurance that their animal family member will be safe. While our disaster committee works hard at promoting hospital plans, we are also here to help you get started. There will be many challenges for Marin Humane to respond to in a county-wide disaster, knowing your hospital has a plan in place allows them to focus on areas of the county that need emergency services. Please take a moment to review and update your plan and thanks in advance for your efforts!

Guide Dogs for the Blind

Let your **commitment to quality** guide you here.

Guide Dogs for the Blind, Inc. (GDB) offers an especially rewarding career for veterinary professionals. As a **Staff Veterinarian** at our beautiful campus in San Rafael, California, you will work at the top of your profession in our compassionate and mission-driven veterinary department. We will rely on you to play a key role in ensuring optimal health for our breeding dogs, puppies, and those selected to become successful guides. Duties include:

- Providing professional veterinary care, including surgery (traditional and laparoscopic), radiology, and internal medicine
- Providing veterinary assistance for the Oregon campus, as needed
- Addressing the specialized medical and surgical needs of all program dogs, including breeding colony, neonates and weaned puppies on campus
- Handling obstetric, neonatal, and pediatric cases
- Providing 24-hour support to non-veterinary staff managing broods through challenging whelps
- Performing cesarean sections
- Participating in the design of protocols and methodologies for diagnosis and treatment of medical issues in our breeding colony and neonates
- Confering with outside veterinarians caring for GDB dogs to assure that their recommended treatment is consistent with our protocols
- Consulting with breeder custodians, puppy raisers, and guide dog users concerning veterinary care
- Participating in GDB research projects
- Supervising, training, and providing guidance to paid and volunteer clinic staff
- Updating veterinary-related concepts through continuing education
- Writing veterinary-related articles for GDB publications
- Returning to campus, when necessary, for medical emergencies

Qualifications:

- California veterinary license and USDA license for interstate and international health certificate
- Current and renewable Drug Enforcement Agency license, Class II, IN, III, IV, V
- Willing to become Penn Hip certified and APHIS accredited within six months
- Desire to train in both laparoscopic and non-laparoscopic surgical techniques
- Excellent analytical, communication, and interpersonal skills
- Availability for weekend rotations and/or on-call work

What sets us apart?

- You’ll **become an expert** on our yellow and black Labrador Retrievers, Golden Retrievers, and Lab/Golden crosses – incredible patients who do not require muzzles.
- GDB is deeply committed to the care and well-being of our program dogs, and you will be empowered to deliver all the care that you deem necessary **with minimal financial constraints**.
- You can hone and **expand your knowledge** in a wide variety of areas like neonatal care, breeding, canine reproduction, spaying/neutering, laparoscopic surgery, ultrasound, and more.
- We support continuing **education and professional development** that aligns with our goals.
- **Teamwork** at GDB is exceptional, both within the veterinary department and across the organization. Because we all share the same passion for our mission, you’ll experience strong support from colleagues and make meaningful connections.
- We offer **balance**, flexibility, and reasonable schedules, with ample time off.
- Our **generous benefits** package includes medical/dental/vision/life/disability insurance, 403(b), tuition reimbursement, and great wellness perks like yoga, circuit training, and an onsite gym.
- You can **bring your dog to work!**

Guide Dogs for the Blind

The largest guide dog school in North America, Guide Dogs for the Blind creates inspiring partnerships between people, dogs, and communities. With exceptional client services and a robust network of instructors, puppy raisers, donors, and volunteers, we prepare guide dogs to serve and empower individuals who are blind or have low vision, throughout the U.S. and Canada. Our team includes approximately 300 employees and 3,000 volunteers, supporting more than 2,000 working teams (clients and guide dogs).

Apply Now:

https://app.jobvite.com/j?cj=o6UWefwU&s=Marin_County_Veterinary_Medical_Association

At Guide Dogs for the Blind, we respect, value, and appreciate all differences. We welcome all qualified candidates irrespective of your race, color, religion, sex, gender identity or expression, sexual orientation, national origin, marital status, genetics, disability, age, or veteran status. Individuals with disabilities, especially those who are blind or visually impaired, are encouraged to apply. If you have a disability and need assistance and/or accommodation with applying for a job, please feel free to contact Human Resources.

Guide Dogs for the Blind

Registered Veterinary Technician

Let your **drive to learn** guide you here.

Work with top Veterinarians, learn countless new skills, and help support our mission to improve the lives of people who are blind and visually impaired. This is just some of what you'll experience when you join the team at Guide Dogs for the Blind (GDB). As a Registered Veterinary Technician (RVT) on our beautiful campus in San Rafael, CA, you'll maintain optimal health for our amazing dogs in their journey to become successful guides and beyond.

As a Registered Veterinary Technician on our beautiful San Rafael campus, you'll be a part of our team of dedicated and experienced RVTs and Vet Assistants. You'll work hands on with our dogs providing care and supporting our team of 4 veterinarians. We are a full-service hospital providing daily routine and urgent care to our dogs and puppies. Day to day tasks include surgery, radiology, ultrasound, endoscopy, dentistry, appointments, instrument sterilization, vaccination, deworming and more.

The qualifications you'll need:

- California RVT license
- PennHIP certification within six months of hire
- 3+ years of position-related experience is desirable
- Ability to work holidays, weekends, and on call as required

What sets us apart?

- You will love **supporting our mission** as you ensure the health of our yellow and black Labrador Retrievers, Golden Retrievers, and Lab/Golden crosses through all stage of their lives.
- You'll have the **opportunity to continuously learn** with excellent support and mentoring from our exceptional Veterinarians.
- You can hone and **expand your knowledge** in a wide variety of areas like neonatal care, breeding, canine reproduction, spaying/neutering, ultrasound, and more.
- We have **state-of-the-art facilities** and resources to provide excellent care to our dogs, which makes this a great place to work and learn.
- We support continuing **education and professional development** that aligns with our goals and can help you earn your certification.
- Our **generous benefits** package includes medical/dental/vision/life/disability insurance, 403(b), tuition reimbursement, and great wellness perks like yoga, circuit training, and an onsite gym.
- You can **bring your dog to work!**
- Easy access to SMART train – it stops at our back gate!

Come join our team in wonderful Fairfax and see why we love living and working in Marin!

We are a progressive, well-equipped, growing and thriving, fully independent, veterinary practice located just 20 miles north of San Francisco. Our 6 doctors care for dogs, cats, and exotics, and offer general wellness, medicine, surgery, dentistry, and acupuncture. Individual applicants need not have expertise or interest in all aspects of our practice. We want to help you find your niche in our practice. We are seeking a **full or part time associate veterinarian** who understands the importance of exceptional client service in obtaining good outcomes for our patients. We strive to provide top-notch medical and surgical services for our patients, excellent service to our customers, while maintaining an upbeat and enjoyable work environment. Convenient access to local specialists and emergency services allows us to always provide the very best care for our patients while maintaining work-life balance personally.

Contact Dr. Aaron Wentzell to inquire or apply.

Job Description

West Marin Pet Hospital is a small animal practice located in beautiful Fairfax, Marin County, CA. West Marin Pet Hospital believes in providing gentle care, high quality medicine and surgery and promoting the bond between animals and their people. Gentle care means taking time to learn animal behavior and cues and recognizing the needs of every animal on an individual basis.

This is a unique opportunity to join a new facility and be part of the team for a new practice with state of the art equipment. We welcome new or experienced graduates with a valid California License. Enthusiasm for the career, the animals and their people is a must. Full or part time position available.

Toys include digital radiology, digital ultrasound, I care tonovet, rigid nasal scope, digital dental radiology, BAIR hugger, in house lab, state of the art monitors and much more. We work closely with local specialists to provide the best possible care for our patients and to continually improve our knowledge and experience.

The position includes paid vacation, CE allowance, journal and association allowance, medical and vision insurance, 401K, a flexible schedule and a competitive salary. Marin County is home to endless hiking trails, close access to the beaches and Point Reyes national seashore. It is a little slice of paradise to live in, close to the vibrant city of San Francisco.

For newer graduates mentorship is available from an experienced seasoned veterinarian who loves to teach.

To excel in this role, you'll need:

- a love of the profession, the animals and the people who own them
- California veterinary license or ability to get one
- Advanced communication skills and exceptional bedside manner

What we believe:

We believe that our pets are family. We face challenges with optimism. We practice great medicine. We offer ideas and solutions for our team, our community, and our clients. We constantly improve our practice and ourselves. We are life-long learners. We are open to new ideas. We do what we say we are going to do.

Dr Shay Redfield

wmpethospital@gmail.com

www.westmarinpethospital.com

Hospital Name: VCA Madera Pet Hospital

Location: Corte Madera, CA 94925

Position Title: Are you a Registered Veterinary Technician (RVT) Who Wants To Work Where You'll Be Respected & Valued??

We asked our Tech Team, "Why do you like working at VCA Madera Pet Hospital?"

Here are some of the reasons they gave:

- The people
- The respect of the DVMs
- The non-competitive environment
- The chance to grow
- The sharing of knowledge “ No one has too much pride to ask a question, even the DVMs”

No wonder many of them have been here for so many years!

VCA Madera Pet Hospital is a 10 DVM practice in Corte Madera, California (Marin County). We are just across the Golden Gate Bridge from San Francisco – a reverse commute. We are looking for a Registered Veterinary Technician or Credentialed Veterinary Technician to join our team.

Why We Need You

You've worked hard for your credentialing and we want you to use the knowledge that you've invested your time and talent in. **Every place says you'll get to use your skills. This is some of what you'll do as an RVT at VCA Madera:**

- Anesthetic drug calculation, induction, intubation, maintenance, and recovery
- Hands-free radiographs (patients are sedated if needed)
- Dental prophylaxis, including radiographs (DVMs do most extractions)
- IV catheter placement & venipuncture
- Be a member of the surgery team (we even have a Boarded surgeon)
- Place bandages
- Discharge patients
- Maintain records via EMR
- And, you won't be filling prescriptions. We have 3 FT pharmacy techs doing that

Why You Should Consider Us

At VCA, your passion for medicine and compassion for pets and people is matched with a commitment to your professional growth.

- You will enjoy exposure to a diverse and stimulating caseload, employ the most advanced imaging and monitoring tools, and tap into the expertise of more than 4,500+ doctors, including 600+ boarded specialists.
- You will sharpen your skills—and even learn some new techniques—and explore career options that only VCA can offer, such as continuing education, transfer, specialization, and leadership opportunities.

Benefits: We offer competitive compensation along with a comprehensive benefits package, including medical, dental, vision and paid vacation/sick days, 401(k), generous employee pet discounts and more!

The information in this position description indicates the general nature and level of work to be performed. It is not designed to be interpreted as a comprehensive inventory of all duties, responsibilities, and qualifications required of employees assigned to this job. Management reserves the right to revise the job description or require that other tasks be performed when the circumstances of the job change (for example, emergencies, change in personnel, workload, or technical development).

If interested in this opportunity, please click here: <https://bit.ly/3cBMkYv>

You will be taken to the job description on VCAcareers.com, where you can learn more and apply online.

Gualala calls:

Do you dream of living and working on the coast; perhaps having an ocean view from your clinic? Well, here is your chance to make that dream come true: the Gualala Veterinary Clinic is looking for the next generation of veterinarians.

Gualala is situated on the Pacific Coast just north of the junction of Sonoma and Mendocino counties on So. Hwy 1. We serve the communities of Gualala and Sea Ranch as well as many outlying areas up and down the coast. We have a maritime climate with a privileged "banana belt" microclimate. It is a wonderful community in a gentle climate with an affluent base clientele from the area and beyond.

The 3,700 sq ft building was built in 2008 on a 1/2 acre parcel and includes 900 sq ft of separate living quarters. The equipment is up to date and plentiful; we are paperless, using Intravet practice management software; we have digital radiology, incl. dental, a full Idexx lab suite and much more.

We currently operate only 4 days per week--Mon, Tues, Thurs & Fri from 9am to 4pm (doctor leaves at 4pm, office is open until 5pm). As a one doctor practice we produce \$700K plus per year. There is untapped potential for 3 more service days and, if desired, after hour or night service. The potential to double the gross is very real.

We are aiming to transition the practice including real estate in the next 1-2 years.

My goal is to find a couple of **veterinarians interested in ownership** who will increase the service hours to the community. Being able to stay in the apartment within the clinic eliminates the immediate need for housing expenses.

Price is negotiable, based on a professional unbiased evaluation to determine the cost of the real estate and the practice.

I am willing to continue to work after the sale in a reduced capacity or on a relief type basis for a period of time.

If you are interested, please **respond** to **GVC@mcn.org**. A site visit can be arranged on weekends.

We look forward to supporting the next generation of veterinarians on the Gualala coast!

Carl and Robin Pfeil

Larkspur Landing Veterinary Hospital is seeking **part time or full time veterinarian** to ad to our amazing staff. We are looking for an experienced veterinarian to serve our affluent clientele. Salary is depending on experience.

Email **larkspurlandingvet@yahoo.com** or call 415-461-6133.

Pathway to Ownership:

Terra Linda Veterinary Hospital, an AAHA accredited practice, seeks an associate with interest in transitioning into ownership as the current owner slowly transitions out. Well equipped facility, supportive culture. This is your opportunity to ease into ownership. All inquiries confidential.

Continuing Education

PacVet Live – A Sea of Virtual CE

A conference of the California Veterinary Medical Association.

Fully Interactive Virtual Conference

June 18-19, 2021 & June 26-27, 2021

We invite veterinarians, veterinary technicians, veterinary assistants, and practice managers to ride the tide to our fully interactive online PacVet Live conference. Earn up to 32 CEUs over four days with sessions to choose from in two concurrent tracks each day! Since we can't make it to the beach, we'll bring the beach to you with some beach-themed fun with games and exciting raffles.

The California Veterinary Medical Board has determined that one-hour of CE is defined as 50 minutes of presentation and a 10-minute break. Question and answer time is considered the same as presentation time.
